colours & yarns for weaving

Textured polyester yarns

These are the yarns that we like to place among our historical products.

We can supply them in raw white, package dyed and dope dyed.

It would be limiting to indicate specific end uses for this product line, because the multiplicity of its versions makes it suitable to cover a wide range of end uses.

Wide range of intermingled and twisted products, from the thinnest counts (like 30 dtex) up to the single piece of 440 dtex, then doubled or worked at 3 ends to obtain thicker counts.

Range of available counts: from 30 to 440 dtex.
